

[!] DEEPFAKE DETECTED - ALERT REPORT

Report ID: A0661CB5EEEB66B2

Generated: 2026-05-13 17:14:30 IST

1. THREAT LEVEL ASSESSMENT

Threat Level: **HIGH**

File: test_image.jpg

Deepfake Probability: 80.00%

Detection Model: HuggingFace Vision Model

2. WHAT THIS MEANS

Our AI detected this image/video contains deepfake or manipulated content designed to impersonate you without consent. This is:

- Illegal in India (IT Act Section 67A)
- A violation of platform ToS (Instagram, Twitter, Facebook, YouTube, TikTok)
- Potentially defamatory and harassing
- Grounds for police complaint & civil damages

3. IMMEDIATE ACTIONS YOU CAN TAKE

1. Take a Screenshot (hash it for legal evidence)
2. Document the URL & platform where it appeared
3. Screenshot the account/profile that posted it
4. Note exact timestamp of discovery
5. Do NOT engage or report abuse - preserve evidence

4. NEXT STEPS

Click 'Proceed to Takedown' in SHIELD.ai to:

- > Generate a complete legal takedown package
- > Auto-fill platform-specific complaint forms
- > Create Indian Police cyber complaint
- > Alert your trusted contacts (Guardian SOS)
- > Generate evidence bundle for lawyer/court
